PRESIDENT'S REPORT

My three year term of office as President has come to a close and I am truly grateful for the varied experience during that time. We have been "Working together for Community Betterment" and I feel that in a measure we have accomplished this.

I trust that I have conducted myself as President of this organization in a manner that has been creditable. I am appreciative of the patience and indulgence of the members in all situations.

Through co-operation we have been able to make our contribution to community activities. Our Centennial project was an entirely new venture and the effort has been crowned with success through our united efforts. We thank God for His blessings.

I am indeed grateful to the Convenors, and especially to those of the Centennial Committee, for their untiring labors in the interest of the Hour-A-Day Study Club.

We express our appreciation to all the media of publicity throughout the year.

My best wishes to the new Executive, and may we all continue to "Work together for Community Betterment."

Respectfully submitted,

Luella White.

I was in charge of tickets for our Centennial project which proved to be a huge success.

Respectfully submitted,
Elizabeth Washington.
