War Mothers Protective League

Dear Friends

I cannot in any way possible express my thanks of gratitude for your parcel, which I received to-day. I must admit, I was completely taken by surprise, a grand surprise it was at that.

I wish I could write each one of the individual persons, who so graciously made my Xmas parcel possible. At present, I hope this may serve the purpose.

Go doubt you would like to know something of what is going on here, but as you know that is something

I cannot tell.

I am at present somewhere in Holland along the front lines. Holland, itself is very quaint in every respect. Very much like the story books you no doubt have read. Dykes Windmills & people wearing wooden shoes. Incidentally wooden shoes are very difficult to wear, as I have tried them.

Haven't seen many of the boys that I know from around there, we are pretty well scattered all over & in different Reg't's.

I must close now as it is almost time for duty call for me.

Give my many thanks to

you & your League members.

We here are doing our
utmost to bring victory ours,
and soon, which in our minds
is not very far off.

Yours Truly
R. L. Thompson.
