To Holland

Dear, Mrs Allen and Ladies of the
War Mothers Protective League,
Just a note of appreciation
for the lovely parcel which
your society sent me. It
really came in handy and
I was very pleased. When I
received it, I was just like a
child on Christmas Eve. I nearly
wept with joy at the thought
that you people at home
haven't forgotten us guys. Your
Club is doing a great job,
us boys know as we are on
the receiving end. Please
thank your members individually
for me, Please send my

4
greetings to all of your sons
who will be away from your
table this Christmas. I am
praying that this time next
year they and we all will be
home once again. Words fail
me when it comes to thanking
your club. I am not much
at writing so please excuse
mistakes. I wish your society
the very merriest Christmas
and Happyest New Year they
have ever had. Goodnight
Ladies and thanks a million
again for your remembrance
of me. It is ladies like you
who keep up our moral.

Respectively yours
Jack
