

Baxter&

**And what & when
in the hand of the and
& on the road in the sand
of the and
& must he be handled?
& will they be addled?
To not be stranded
to move forward today &
to wake up & what's next,
the text of the rest
another picture & another
to relieve the burden of
each day, to deflate & inflate
in spring & inspiriting & inspiring**

**and, yes, I can see it
& no, I don't need a reason
& why not join it
incorporate, inculcate, incubate life into art**

Mark Silverberg
Associate Professor of English
Department of Languages and Letters
Cape Breton University
